

REMARKS

Claims 1-23 are presented in this application. In this amendment, claims 4-8, 11-14, 16, 17, 22 and 23 have been amended to delete multiple dependencies for the purpose of reducing fees. In addition, claim 23 has been amended to claim a type of subject matter specifically identified as potentially patentable under 35 USC §101.

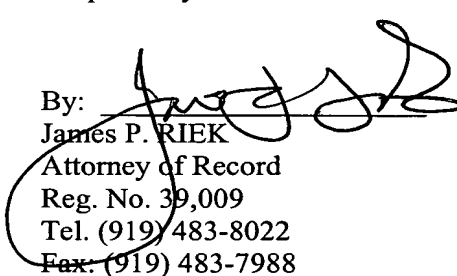

Applicants have amended the specification for purpose of adding appropriate headings as directed in 37 CFR 1.77, as well as to add priority information. Applicants have attached an Abstract in a form suitable under US practice.

It is respectfully submitted that the present application is in condition for allowance. An early consideration and Notice of Allowance are earnestly solicited.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies, to charge any fees or credit any overpayment, particularly including any fees required under 37 CFR Sect 1.16 or 1.17, and any necessary extension of time fees, to deposit Account No. 07-1392.

Respectfully submitted:

ABSTRACT

Medicament Dispenser

~~There is provided a~~ A unitary dispensing device for use in the delivery of a first medicament and at least one further medicament. The device comprises a first medicament dispenser for the delivery of the first medicament and at least one further medicament dispenser for the delivery of the at least one further medicament.

The first medicament dispenser and the at least one further medicament dispenser enable the first and the at least one further medicament to be kept separate until the point of delivery. The first medicament dispenser is different in type to the at least one further medicament dispenser.
